8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: No. Cash flows for the forthcoming quarter are expected to decrease relative to the prior reporting period. This reduction reflects the completion of several one-off and non-recurring expenditure items incurred in the previous quarter, together with a strategic focus on cost containment.	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: Yes. The entity has an extraordinarily high level of trade debtors at the end of this period which the majority has already been paid with the remainder to be received in the next month.	

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes. The entity expects to be able to continue its operations and meet its business objectives, supported by its current cash position and payment of trade debtors.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
